GENERAL CONSENT

Thank you for choosing our office for your dental care. We will work with you to help you achieve excellent oral health. While recognizing the benefits of a pleasing smile and teeth that function well, you should be aware that dental treatment, like treatment of any other part of the body, has some inherent risks. These are seldom great enough to offset the benefits of treatment, but should be considered when making treatment decisions.

Benefits of dental treatment can include: relief of pain, the ability to chew properly, and the confidence and social interaction that a pleasing smile can bring. Nonetheless, there are some common risks associated with virtually any dental procedure, including;

1. **Drug or chemical reaction**. Dental materials and medications may trigger allergic or sensitivity reactions.

2. **Long-term numbness (paresthesia)**. Local anesthetic, or its administration, while almost always adequate to allow comfortable care, can result in transient, or in rare instances, permanent numbness.

3. **Muscle or joint tenderness**. Holdings one's mouth open can result in muscle or jaw joint tenderness, or in a predisposed patient, precipitate a TMJ disorder.

4. **Sensitivity in teeth or gums, infections, or bleeding**.

5. **Swallowing or inhaling small objects.**

While we follow procedural guidelines which most often lead to a clinical success, just like in any other pursuit in health care, not everything turns out the way it is planned. We will do our best to assure that it does. Please feel free to ask questions regarding all dental procedures that are recommended to you.

I have read and understand the statement on this page:

We will make every effort to work with insurance, but ultimately you, the patient, is responsible for all charges incurred.

As a courtesy our office will prepare and submit insurance claim forms when all of the insurance information is provided.

The patient is responsible for all charges left unpaid by their insurance company; including but not limited to annual deductibles and copays. Deductibles and copays are to be made at the time services are rendered.

AUTHORIZATION, RELEASE AND AGREEMENT TO PAY FOR SERVICES RENDERED

I authorize Dr. Ciula to release any information including the diagnosis and the records of any treatment or examination rendered to me during the period of such dental care to my insurance, third party payors and/or other health practitioners.

I authorize Dr. Ciula to release all information necessary to secure the payment of benefits. I understand that my insurance is an agreement between my insurance company and me. I also understand that I am responsible for the balance of my dental account **REGARDLESS** of my insurance.

Late Charges: If I do not pay the entire new balance due within 25 days of the monthly billing date, a late charge of 1.5% (18% annually) on the balance then unpaid and owed will be assessed each month. I realize that failure to keep this account current may result in you being unable to provide additional dental services except for dental emergencies or where there is prepayment for additional services. In the case of default on payment of this account, I agree to pay collection costs and reasonable attorney fees incurred in attempting to collect on this amount or any future outstanding account balances.
